FINE PROGRAMS WERE RENDERED

Exercises by S. S. Children Last Night.

Christmas Entertainments At Six Churches Last Evening—Greatly Enjoyed by Large Audiences Despite the Inclement Weather—Several Schools Made Handsome Donations For Orphanages.

The steady downpour of rain last evening kept hundreds of people from enjoying exercises carefully planned by the Sunday schools of no less than six churches. However, many braved the elements and attended the exercises at the church of their choice and every one felt fully repaid for doing so, all of the programs being of an entertaining nature as well as appropriate to the Christmas season and spirit.

At First Presbyterian.

Last night at the First Presbyterian church, the Dream Men took a trip to the land of Santa. The entertainment was most interesting and unique, and the children acquitted themselves in most creditable manner. Mr. Cook took the part of Santa and Mr. Harris Callum acted a sthe leader of the dream men. The choruses were fine, especially that in which the green costumes were used. The soldier boys marched like real soldiers, and little Bessie Denny and Josephine Vaughn, as the orphans, acted their parts very effectively and with evident consciousness that their work was of a noble and altruistic nature.

There were presents for all the children and a collection amounting to more than $170 for the orphanage at Barium Springs.

At Spring Garden Street Methodist.

A large audience was present at Spring Garden Street Methodist church last evening for the annual Christmas entertainment by the children of the Sunday school. The children participating performed their parts in a highly creditable manner and won well deserved praise from the audience. Following the program there was a Christmas tree, from which gifts were distributed to the members of the school. An offering was made for the Children's Home at Winston, a neat sum being realized.

Entertainment At Christian Church.

A very successful entertainment was given last night at the Christian church, every one present pronouncing it the very best yet given by the Sunday school. The program was almost perfectly executed, every child performing his part well. After rendering the program, old Santa Claus, in his usual routes to make the children happy, paid the school a visit, delivering presents first to the different classes and then to every child in the audience. Despite the intense darkness and the constant downpour of rain, a goodly number was present to share the evening's pleasures with the children.

At the evening service at the Christian church, Sunday, select numbers will be rendered by the Greensboro Male Chorus.

Forest Avenue Baptist.

Despite the unfavorable weather, quite a large and enthusiastic crowd attended the exercises last evening at Forest Avenue, participated in by the teachers and pupils of the Sunday school. There were Christmas songs, recitations, drills, etc., and the performance was carried out with snap and spirit and almost without a hitch, which was a mark of credit to both pupils and those faithful tutors, Mrs. Howard, Mrs. Duncan, and Miss Holton.

There were gifts for the children and also a collection of gifts for the poor to be distributed today, under the auspices of the Pastor's Aid Society. The value of the gifts was about $20.

Christmas At Centenary.

A very enjoyable entertainment was given at Centenary church last evening, by the children of the Sunday school. The music was spirited and showed fine training and ability. Considering the inclemency of the weather, there was a goodly number present, and every one had a good time. A collection was taken for the orphanage at Winston, amounting to about ten dollars.

Christmas At the Moravian Church.

Quite a large crowd was out, despite the unfavorable weather, to attend the Moravian Sunday school entertainment last night. There was good music by the children and a treat for all. Bishop Rondthaler, of Winston, was present, and seemed to enjoy the exercises as much as did the children. He made an address in the spirit of the season, and everyone went home happy.

GREENSBORO REST COTTAGE

Some Facts About This Institution Which Will Be of Interest.

For the benefit of those who do not know about the rescue home, its design, and manner of operation, the following facts are given:

"First. The object of the home is to provide a place for wayward girls who are tired of sin and desire to lead a different life and under a shelter from their vile surroundings, where they may become Christians and become useful members of society.

"Second. The home is held in trust by a board of trustees, consisting of five reliable persons.

"Third. The superintendent sees that the home is provided with the necessary means for its running expenses, and attends to the legal business incident to it.

"Fourth. The matron and her assistants have sole charge of the girls and attend to the affairs immediately in the home. Fifth. Every dollar sent into the home and all articles, such as clothing, etc., go directly to the benefit of the girls without any charge to them. Sixth. The matron and assistants receive no salary for their labors, but are content with an offering such as the funds will allow and which has never been above one-fourth of what their services are worth. Seventh. The superintendent has never taken a penny for all of his services for more than six years. Eight. A correct record is kept of every dollar and the books are open for inspection to all. The girls are placed in reliable homes, making from $1.50 and up per week for their own livelihood. Ten. Once in a while there is a girl, or parents or friends of a girl, who are able and desire to meet a part or all of her expenses, which we accept and apply to the general funds of the home.

"We have appreciated the co-operation of the friends of fallen humanity, and trust that we may receive the same in the future for the uplifting of the unfortunate.

CHARLIE JOHNS AGAIN.

Chief Neelley Takes Him Back to Raleigh To Finish His Term In the Pen.

Yesterday at noon Chief Neelley returned from Danville with Charles Johns-Diers: at least those are the names, or combination of names, by which he is known in Guilford county. He has given so many different aliases, that from the operation of a psychic law regarding memory and repetition, no one knows whether he himself could give the name he bore when a child.

The High Point authorities will hardly be given revenge. Johns is due at the penitentiary where he served only about six months of a ten-year sentence for burglary at Thomasville, and he was taken to Raleigh yesterday afternoon by Chief Neelley where he will be placed in charge of the state prison authorities.

Johns says he is going to serve out his sentence in the "pen" this time, and it is thought that he will, but not because of any especial docility or penitence on his part.

The report that he had but one leg was incorrect, as any one might know who has kept up with his shrewd movements. But then he has but one arm, and the wonder is not abated, when it is known that he was able to carry off in a night a full stock necessary to supply a well appointed department store. But it is thought that he will not be able to escape from prison any more soon.

MISS VIVIAN HODGIN DEAD.

Funeral services will be at the home at one o'clock Sunday afternoon, conducted by her pastor, Rev. Stephen Myrick. The interment will be at Guilford College.

BICKETT'S PLAN MEETS APPROVAL

Local Attorneys Favor Recommendations.

Will Likely Hold Meeting and Petition Legislature to Pass Measure Whereby Congested Dockets Can Be Relieved—Over Nine Hundred Civil Cases On Docket—Some Cases Over Nineteen Years Old.

Members of the Greensboro Bar heartily approve of the recommendations of Attorney General Bickett in his biennial report to the Governor and General Assembly, especially with that part that recommends the formation of more judicial districts. It will be remembered that two years ago an effort was made to have a new district formed of Guilford county, but it was decided to let the districts remain as constituted at present. It is believed now, however, that there is a much better chance of obtaining a new district as the great need of more courts in order that justice may be more promptly secured has become more and more apparent since the last session of the legislature.

A glance at the civil issue docket for Guilford county will demonstrate to anyone that there should be some relief in one form or another. There are fully nine hundred cases now docketed, some of which have been on the docket since May, 1891. Fully a hundred cases have been awaiting trial for from three to nineteen years. It takes an average of twenty-six months to get a case in court after it has been docketed and if there is an appeal to the State Supreme court more than four years elapse before the case is finally disposed of.

A perusal of the civil issue docket shows that a large majority of the cases are of minor importance, appeals from Justices' courts, involving amounts from $10 to $200. A large number of these cases will never be tried, having been appealed simply to gain time. A party to a suit of a trivial nature will be given judgment by the magistrate and the defendant will appeal, knowing that the case will not be reached for two years with a probability of its being thrown out then through an oversight on the part of the plaintiff. If there was some way by which the cases could be reached quickly after being placed on the docket a large per cent. of the cases would not be appealed from the magistrates' courts. Attorneys say that the congested condition of the docket has a tendency to encourage appeals, for the reasons above stated.

Strong pressure will no doubt be brought to bear on the legislature with the view of obtaining relief from congested dockets. The same condition of affairs that exist in Guilford prevail in a large per cent. of the more populous and wealthy counties and it is a hard matter to promptly mete out justice in cases that demand the serious attention of the court, these large cases having to take their turn and come up in regular order unless members of the bar agree for a certain case to be set for trial ahead of others that come first on the docket.

It is more than likely that the local bar will hold a meeting shortly and petition the legislature to adopt some measure that will relieve the present congested condition of the docket here.

NO RELIEF FOR TINNER HOLLY

Must Serve Sentence Originally Imposed.

Supreme Court Yesterday Affirmed Ruling of Justice Walker In Refusing Writ of Habeas Corpus To Give Relief—Is Serving Five Year Sentence For Larceny—All Cases Are Disposed of By Court.

Raleigh, Dec. 23.—The formal adjournment of the North Carolina Supreme court for the term took place today until the February term, 1911, convenes. The court entirely cleared the docket this term, not a single appeal being left to await decision at the next term, a record the justices of the court are especially pleased to announce for the reason that usually and in most all such courts of appeal there are any number of appeals carried over from one term to another even in states where there are intermediate appelate courts that relieve the Supreme courts of numerous cases of lesser importance.

There were only two opinions remaining to be delivered when the court conference opened this morning. These were In re Tinner Holly, from Guilford, affirmed, and W. L. Moore vs. B. B. Meroney and town of Murphy, Cherokee county, no error.

The Tinner Holly case is an appeal from a ruling by Associate Justice Walker, of the Supreme court in that he refused to issue a writ of habeas corpus for the relief of Holly who has served one year of a five year sentence for larceny and contends that he should not be held longer because the case in which he was sentenced charged the larceny of clothing valued at $10 whereas Judge Long gave him five years by taking into consideration other offenses proven and evidence that the property stolen was worth $250. Justice Walker sustained Judge Long's right to do this and the full court now affirms Justice Walker's ruling.

In the other case from Cherokee the court affirms the trial court in its judgment that there is no right of way for a highway against the site for a house owned by Moore and that the town of Murphy is under no requirement to keep a highway open through Moore's place.

Governor Kitchin pardons G. W. Shipman, of Buncombe county, from six months on the roads for forgery on account of his being a good prisoner aand only eighteen years old. He gives Lee Russell, Lee county, his liberty from the remainder of a five months sentence for selling whiskey on account of his having been convicted on the evidence of negro detectives when he had borne a good character up to that time. LeGrand Wilson, of Orange county, is pardoned from two years' sentence on the roads for store breaking on account of evidence presented to the governor that Wilson was unduly influenced by an older accomplice. County officers and others petitioned for the pardons in all three cases.

Maj. Stedman was unable to accept these invitations because of the fact that on Jan. 17 he will be in Trenton, N. J., attending the inauguration of Governor-elect Woodrow Wilson.

FIGHT WITH CRAZY MAN.

Two Nurses Seriously Cut In Life and Death Encounter In Hospital.

Cincinnati, O., Dec. 23.—Serious injury to two nurses and two patients, and minor hurts to several other inmates of the "strong" ward of the city hospital resulted today from a life and death fight with an insane man weighing 215 pounds and armed with a knife.

The fight lasted more than 15 minutes and during it beds, tables and chairs were upset.

Following is a total of the seriously injured:

T. N. Smith, night nurse, tendons and arteries of wrist severed.

E. F. Mitchell, day nurse, femoral artery in right thigh cut, five other stab wounds in side and hands.

Will Howe, 1208 Jackson street, patient, stabbed in left side below heart, may die.

Ferdinand Hoffman, 1816 Linn street, patient, cuts and bruises over the head, received while being subdued.

Hoffman became violent yesterday and was strapped to a cot. He obtained a knife in some unexplained manner and cut his bonds, hurling himself upon Smith.

Mitchell and Howe were cut when they went to Smith's aid, Hoffman keeping up the struggle, until William F. Kuhlman, nurse in an adjoining ward, struck him on the head with a heavy cane.

MR. DEAL REMEMBERED.

Public Service Employees Present General Manager With Handsome Suit Case.

Last evening the employees of the Public Service Company enticed Mr. E. C. Deal, general manager of the company, into the trainmen's room, where the force had gathered. To his astonishment Mr. Deal suddenly became the owner of a handsome dress suit case, a slight token of the esteem in which he is held by the employees of the company. Side by side with the suit case were numerous wishes for a merry Christmas and a happy New Year. Though he was greatly affected by the gift Mr. Deal replied in a heart to heart talk with the men, expressing his thanks for the kindly remembrance and assuring the men of his appreciation of the manner in which they had stood behind him in the effort to make the service of the company better and better until the results had become satisfactory. "Since I assumed charge of the plant here I have received the most hearty co-operation from each of my men. No man could ask for better service than you have given," declared Mr. Deal. "Again I thank you and wish for each a merry Christmas."

MAD RIDE ON ENGINE PILOT

Broke, Man Wanted to Reach Home by Christmas, But Fell Off.

Ithaca, N. Y., Dec. 23.—In an effort to reach his home in Massachusetts before Christmas, Adolph Jerge, out of work and "broke," rode from Geneva to Ithaca on the pilot of the Black Diamond express today, and when the train pulled into Ithaca dropped unconscious to the tracks. His face, ears, feet and hands were frost-bitten, but medical attendance at the police station brought him around.

Without overcoat or gloves and wearing thin underclothing, Jerge climbed aboard the pilot just as the express was pulling out of Geneva, about 40 miles from this city. The train makes the run in 50 minutes. Jerge was crouching in front of the smokestack so that the engineer could not see him.

"At times," he said, "it seemed as if I must be swept off the earth. After awhile I became numb and was practically unconscious of anything except that I was clinging to the rods."

Little Girl Painfully Burned.

The little daughter of Mrs. Russell, Vine street, White Oak, was painfully burned on Thursday afternoon. The little girl was playing with her brother and some grass was set on fire, the boy jumping the flames. The girl attempted to follow his example when her skirt caught on fire, burning nearly off her body. Mrs. Russell heard the screams and in putting out the flames was badly burned about the hands. While the little girl's injuries are quite painful it is not thought they will be fatal.

MOVEMENT FOR THE NEW COUNTY

Was Discussed by Committee Yesterday.

No Action of Any Nature Whatever Taken and It Is Likely That Another Meeting Will Be Held Soon—Figures Submitted To Show That Section of Guilford In Proposed County Is Not Self-Supporting At Present.

The joint meeting of the committees appointed to investigate the movement for a new county met yesterday morning in the court house, Mr. W. C. Boren presiding. The meeting was held for the purpose of discussing the proposed movement and deciding what course should be taken in order that the best interests of all concerned might be looked after.

The proposition was discussed at length, those present submitting what information they had obtained to that time as to the boundaries, the manner in which it is proposed for the present indebtedness of the county to be taken care of in event the county is divided and the probabilities of the county being a success financially. Figures taken from the tax books and other county records showed that during last year the territory embraced in the proposed county received from the county funds approximately $20,000 more than was paid into the county funds by the tax payers of that territory. This was discussed at length.

It was the sense of the committee that if a mass meeting of the people was to be called it should be done by the senator and representatives from the county. It was suggested that it would be best in event a mass meeting is called there should be one inside the territory proposed to be embraced by the county and one for the remainder of the county. In this way every person could express his views as to the movement and either favor or oppose the formation of the new county. In no way did the committee commit itself as a body, though some of the members expressed themselves as favoring the proposition for the new county, while others opposed it. These were merely individual expressions and were not made while the meeting was being held. The idea of the committee is merely to get information and if it is thought best to place this information before the people of the county, both inside the proposed county and outside and let the people, with the best information obtainable before them, either endorse or oppose the movement.

While it was not brought out in the discussions it is understood that the country people living inside the proposed county are bitterly opposed to the idea of cutting loose from Guilford, it being evident that the rate of taxation will be increased very materially. The rate at present is only 79 cents on the $100 valuation, while it would mount up fifty per cent. in case the new county is established.

CHRISTMAS AT THE HOSPITAL

How the Day Will Be Observed At St. Leo's.

Father Matthew, of Alabama, will conduct the Christmas service Sunday at St. Leo's hospital. There will be three morning masses, the first to be observed at 5 o'clock.

Particularly gratifying it is to know that at this joyous Christmas time there are not more than two patients who are suffering from any serious disorder, and unsual efforts are being made to lighten their care and to enable them to enjoy the season as much as it is possible to do under the unfortunate circumstances. There is a number, however—about 30—who will spend Christmas at the hospital. Several patients have already gone to their homes.

The nurses have prepared for a Christmas tree to be filled with presents on Monday evening. The entertainment will be in the chapel, which has been appropriately decorated. There will be music, and all are looking forward to an enjoyable evening.

DIABETES

It was not easy for us to believe that Diabetes is curable, but the first case we came in personal touch with was astonishingly convincing.

We were considering the purchase of Fulton's Compounds and were looking for cases to try them out on. One of our number knew Charles A. Newton, the Yardmaster of the S. P. R. R. Co. at Sacramento—a very worthy man. He knew that Newton had Diabetes and was in a hospital in the Capitol City, and that his recovery seemed impossible when he last heard from him. A letter was written to Newton that Fulton claimed his Diabetes Compound cured Diabetes and that he wanted to know from OUR friends if this was so, and that if he (Newton) would take it that we would send him a supply of it. Newton replied to the effect that some four or five months before we wrote him he had heard about the compound, had taken it, that the sugar was nearly out and he was almost well. His complete recovery followed, and he told as S. P. Engineer who had Diabetes and he recovered,

We also saw Gen. Theo. Reichert, of San Francisco go on this treatment and get a complete recovery after physicians had declared that the case was hopeless. Gen. Reichert is a 33rd degree Mason and is one of San Francisco's most widely and favorably known citizens.

We have seen hundreds recover since and there is no longer any question about Diabetes in people of middle age and over being curable.

People with kidney ills want to be cured. When one suffers the tortures of an aching back, relief is eagerly sought for there are many remedies today that relieve but do not cure. Here is evidence to prove that Doan's Kidney Pills cure, and the cure is lasting.

L. R. Tickel, farmer, Elon College, N. C., says: "For many years I was afflicted with kidney trouble, the pains in my loins being quite severe. My back ached intensely at night, was lame in the morning and bothered me greatly when I stooped or lifted. I tired easily, felt languid and nervous and had dizzy spells, during which my sight became blurred. Three or four times every night I had to get up to pass the kidney secretions and sediment was noticeable in them. I lost twenty-five pounds in weight and had about given up all hope of recovering. When Doan's Kidney Pills were brought to my attention, I procured a supply and in four or five days they relieved me. I cannot say too much in their favor."

"HARMON FOR PRESIDENT."

His Recent Adress Contained the Kind of Advice Democrats Need.

Wilmington Every Evening.

In the course of one of his recnt addresses at Washington, Gov. Judson Harmon, of Ohio, said, speaking with reference to the recent political victory gained by the Democratic party of the country, that "we must justify the confidence so signally expressed. or the victory at the polls will not be cause for rejoicing." Mere personal desires, selfish impulses and importunities for special favor, he added, "must be swept aside and all the public authority be employed for genral good alone."

Soud words these, and they may constitute just the kind of advice needed. For not only the Democvratic majority in the next House of Representatives, but the majority in every Democratic State Legislature, will find itself persistently assailed by clamorous cormorants who will demand the exercise of the Legislative power for their special personal benefit. In our own State of Delaware it will be a Republican majority in the Legislature that will have to either grant or refuse these selfish personal importunities.

Governor Harmon has a right to give this advice for the reason that, as Governor of Ohio, he has fought these clamorous cormorants who seek Legislative favors for personal benefit with great vigor and success. This is why the Democrats of Ohio have presented him to the country for President in 1912 and why he is likely to be chosen.

A Man Who Reads Everything.

The Journal Francais, a bright little sheet published by the Society of Teachers of French in England, gives in its first issue an amusing instance of La Condamine's thirst for knowledge. La Condamine, it may be observed, was a celebrated French physicist, and to him is credited the first mention in Europe of the India rubber tree. One day the savant visited Mme. de Choiseul. She was at the time engaged in correspondence and wished to finish her letter. He approached close to her, and was reading over her shoulder what she was writing. She perceived the maneuver and continued writing.t "I would tell you more about it if M. La Condamine was not bemind me reading what I am writing." Before she could proceed further he interrupted her, "Ah, madame, nothing could be more unjust; I assure you I was not reading anything."

TOURISTS IN JAPAN.

Troubles of Those Ignorant of the Language and Native Ways.

All Japanese inns, of course, charge a great deal more to the globe trotting European tourist who does not speak the language, since he or she is not content to travel strictly a la Japonaise and worries the entire household with a variety of strange demands—extra quilts to sleep on because they find the floor hard, an improvised pillow, special food (the ordinary guest takes what is given him and at the hour that his host pleases and is thankful), knives, forks and spoons because he has neglected to practice eating his food with chopsticks, a bath with fresh water in it because he will not follow the custom of entering the bath as soon as he arrives, thus getting the opportunity of first bath and the water while it is fresh, and half a dozen other requirements. He reserves his chadai also until he leaves, and often the host misunderstands this action and, fearing he will get no recompense for his extra trouble, augments the bill accordingly.

These visitors not unusually treat the waitresses like so many novel playthings, especially travelers of the sterner sex, who sometimes fail hopelessly to distinguish between professional geishas and ordinary maidservants.—Vera Collum in Wide World Magazine.

MANYUEMA CANNIBALS.

African Savages That Grind Their Teeth to Sharp Points.

The most terrible species of cannibals living are the cruel, bloodthirsty Manyuema of Tanganyika, in central Africa. Living to the west of Tanganyika, these cannibals, clothed in primitive fashion with a piece of bark cloth rudely hammered out from a neighboring tree, have an appetite for human flesh which is well nigh insatiable.

They exercise the most fiendish cunning in tracking down their quarry, choosing fat, well covered people in preference to those who are lean and bony. Their favorite practice is to waylay their victims at eventide so that they may have before them a long night in which to effectually dispose of their prey by cutting it up into strips and drying it over a low fire in the woods. These dried strips of human flesh are carefully preserved for future use, and on two occasions these grewsome forest food depots were discovered and their owners killed by the Wafipa people, who inhabit east Tanganyika.

Most of these cannibals file their teeth to sharp points so as to enable them more easily to tear the flesh from the bone when they have to eat their abominable meal in a hurry.—Wide World Magazine.

An Unreasonable Friend.

Several young artists in Philadelphia are telling a story on another wielder of the brush who is a fellow member in a little club. One of the rules of the club is that each member must keep his finished paintings up to a certain number. The artist on whom the story is told is noted for his indolence. He keeps up to the requirement regarding the number, but never exceeds it. But for his distaste for work the artist probably would be very comfortably fixed financially, as he has considerable talent. As a matter of fact, he is usually on the edge of penury. Several days ago, when his exchequer was unusually low, a friend visited him in his studio. The friend looked at several of the paintings, while the artist lay on a couch, smoking a pipe.

"I like this," the friend finally said, pointing to one of them. He named a good price which he was willing to pay. The artist looked at him mournfully.

"Aw, don't do that," he said. "If you do I'll have to paint another."—Philadelphia Times.

Who said Doc Cook couldn't "come back"? He landed in New York Thursday on the steamship, George Washington.

There is one distinct disadvantage of getting ready for Christmas ahead of time by shopping early. It makes Christmas awfully slow getting here.

A gentleman who had occasion the last day or so to raise some money for several cases of charity was agreeably surprised at the ease with which he accomplished his task. He was impressed, he said, with the number of people who were able to give and were willing to give. His experience led him to conclude that times are good and people are generous and warm-hearted.

Republican State Chairman Morehead has called a meeting of the Republican State Executive Committee to be held in this city next Wednesday. The call does not state the object of the meeting, but nobody imagines that the committeemen are going to quit their work and come here from all sections of the State for their health. Pie is at the bottom of the call for the meeting, the most generally accepted theory being that the Morehead-Butler forces want the committee to take action favorable to them in their effort to outgeneral Duncan in the landing of Federal jobs for henchmen. A majority of the committee are Morehead men. That is to say, they were; what they are may be dependent somewhat on developments in Washington in the last few weeks.

PAY MORE AND EXPECT MORE.

Editor H. B. Varner, of the Lexington Dispatch, is seeking to arouse sentiment in favor of an increase of the salaries of the Commissioner of Labor and Printing and the Assistant Commissioner of Labor and Printing. The Commissioner gets $2,000 a year and the Assistant Commissioner $1,200 a year.

These salaries are too small. The office of Commissioner of Labor and Printing should rank along with the other State offices while the assistant should be as well paid as the average of the chief clerks to the other State officials.

At the same time we believe that there is room for improvement in the conduct of the Department of Labor and Printing. Mr. Varner says in a circular letter which he has circulated that the department is doing the State a distinct service in collecting, collating and presenting to the outside world, through its annual reports, a story of her industrial progress that is not related in any other publication. This may be a distinct service, but we cannot think that it is a very large service.

The circulation of a volume of dry statistics once a year is a task attended with some labor, to be sure, but the results are problematical.

The Commissioner and his assistant should be better paid and they should make their department a stronger force in the life of the State.

MR. MOREHEAD AND THE DISGRUNTLED ONES.

The following occurs in a Washington letter (it can be imagined who wrote it or is responsible for it) in this week's Raleigh Caucasian:

There has been a desperate effort made by certain disgruntled elements in North Carolina to try to discredit Mr. Morehead and the present Republican State organization with the administration in Washington, but from what your correspondent can learn, these efforts have failed. It is understood that the President thinks very highly of Mr. Morehead, the Republican State Chairman, and feels that the very best possible results were secured in the last election in North Carolina.

In short, it is understood that the President fully realizes that the policy which Mr. Morehead and his committee are following is the identical policy which he himself advocated in his Greensboro speech, and the only one under which a strong, militant and progressive Republican party can be built up in the South.

This does not fit in well with the fact that the "disgruntled elements" seem to be carrying the day with regard to the big Federal appointments. It was one of the "disgruntled" who received a reappointment as postmaster at Raleigh and it was also one of the "disgruntled" who was made Third Assistant Postmaster General.

It is understood, by the way, that the Democrats approve heartily of Mr. Morehead's way of building up "a strong, militant and progressive" Republican party. The only cause for regret that they have in this connection is that Mr. Morehead didn't get hold of the party sooner.

MISS COBB AND MR. HUNTER WED

Well Known Couple Married In New Orleans on Tuesday Evening—Mr. A. M. Scales and Mrs. Z. V. Taylor Receive At Reception Following Ceremony.

Below is an account of the marriage of Mr. Guy O. Hunter and Miss Effie Henderson Cobb, which event was solemnized in New Orleans on Tuesday evening, the same being as reported in Wednesday's New Orleans State:

The First Presbyterian church was crowded on Tuesday evening with a large and fashionable assemblage who had gathered to witness the nuptials of Miss Effie Henderson Cobb, daughter of Mr. and Mrs. H. Wellington Cobb, and Mr. Guy Oliver Hunter, of Boston. The sacred edifice was decorated with palms, ferns and clusters of bride's roses on the altar, at the foot of which was a bower of palms and ferns tied with bridal tulle and broad white sash ribbons.

At 5:30 o'clock, the hour set for the ceremony, as Mendelssohn's wedding march was played, the bridal party entered, led by the ushers, Messrs. Van Williams, of Birmingham, Ala.; Bradford Howard, of Boston; Alfred Wylie, of Virginia; A .M. Scales, of North Carolina; M. R. Reeves, of New York; Thomas Corcoran, of Philadelphia; Bland Logan and H. W. Cobb, Jr., of Princeton University. The bridesmaids came next, walking in single file. They were: Misses Sidney Boyce, of Chicago; Mary Henderson, of North Carolina; Anna Richardson, of Tacoma, Wash.; Agnes George and Anita Norman. Miss Catherine Scales was her sister's maid of honor, and immediately preceded the bride, who entered with her father.

They were met at the altar by the groom with his best man, his brother, Mr. Speight Hunter, of the University of North Carolina. The impressive ceremony was performed by the Rev. Dr. George Cornelson, during which a wedding hymn was rendered on the violin, with organ accompaniment. The bride was gowned in white satin, with an over dress of embroidered chiffon, trimmed with real lace. The veil of illusion was caught in the hair by a spray of orange blossoms and a shower bouquet of valley lillies and orchids was carried. The bride's attendants were robed in pink, embroidered net over silk, finished in blue sash and trimmed in marabou. With these chic costumes were worn pink picture hats, trimmed with silver lace and brown fur. They carried American Beauty roses. The maid of honor was similarly attired in pink and carried bridesmaid roses and ferns.

Mrs. Cobb, the bride's mother, was gowned in almond-colored embroidered chiffon, with pearl trimming. She carried orchids. After the ceremony a reception was held at the home of the bride's parents, which was prettily decorated with palms, ferns, American Beauty roses and poinsettias. Receiving with Mrs. Cobb and the bridal party were: Mrs. Z. Vance Taylor, of Greensboro, N. C., and Mr. A. M. Scales, of Greensboro, N. C. In the dining room, where the bride's cake was cut, the table was lovely with bride's roses, valley lilies and lights shaded in white.

Mr. and Mrs. Hunter, who were the recipients of numerous handsome and costly presents, left the same evening for a bridal tour before going to Boston, where they will reside. Mrs. Hunter's goin-away gown was an automobile blue cloth, with hat and gloves to match."

ONE-EIGHTY O'CLOCK.

Near Sighted Man Takes Weighing Machine For Standard Timepiece.

The other day at the passenger station a near-sighted passenger who was here between trains inquired of the agent when a certain train would leave. He was told at 2 o'clock, whereupon he inquired the time. The agent being busy waiting on the long line of patrons cited him to the clock on the wall, telling him that that was standard time and he could see for himself.

He looked around, but, being near-sighted, saw no clock. But he went directly to one of the numerous penny weighing machines in the station and saw the sign "put penny here." He stepped on the machine and dropped in his penny. The man tipped the scales at 180 pounds and as the hand of the dial flew around to 180 the man exclaimed in a satisfied way as he stepped from the machine: "One-eighty o'clock, twenty minutes until two."

Tapper At Watch Tower.

A tapper was installed in the watch tower, from which the gates at the South Elm street crossing are controlled, in order that whenever the fire alarm sounds the gateman can keep on the lookout for the fire wagons and prevent crossing being blocked thereby causing a delay in getting the fire fighting apparatus to the scene of the fire.

Wanted In Danville.

The police yesterday arrested a white man by the name of Z. Price wanted in Danville, Va., for assaulting a negro with a deadly weapon. The fellow was carrying too great a load of booze and attracted the attention of the officers. An investigation showed that he was a fugitive from justice and he was locked up pending the arrival of the Danville authorities.

"That fellow seems to lead an aimless existence," remarked the rabbit as the amateur sportsman missed him for the third time.

A PLAIN PROPOSITION TO RENTers. We lend money at 5 per cent simple interest to buy or build a home or pay off a mortgage. Our interest rate is so low and monthly payments so small a home is within the reach of all. You pay only $7.50 per month on each $1000.00, plus 5 per cent simple interest. We can show you a safe and profitable method of saving your earnings. Every day you delay adopting some definite plan for owning your home or accumulating your earnings, you lose in dollars and cents one day's rent or one day's earnings on money not wisely invested. Think it over—which is best, to continue on the old indefinite plan, or investigate the liberal proposition we offer. You have intended making this start long enough, now make it. Write today for an illustrated booklet explaining our plan in detail. Lee Roy Smith, 950 Brown-Marx Bldg., Birmingham, Ala.

A CHANCE TO WIN SOME READY MONEY

Prizes of Five Dollars Each Offered For Essays on Hookworm Disease and General Sanitation.

Mrs. W. N. Hutt, chairman of the health department of the State Federation of Women's Clubs, has offered three, and may perhaps offer more, prizes of five dollars each to be given for the best essays on "Hookworm Disease" and "General Sanitation." The prizes will be offered as follows:

Five dollars to the boy or girl under 15 years of age for the best essay on Hookworm Disease.

Five dollars to the boy or girl over 15 years and under 21 years for the best essay on Hookworm Disease.

Five dollars to the boy or girl under 15 years of age for the best essay on general sanitation.

The grading of essays on hookworm disease follows:

English composition, 15 points.

Style and neatness, 15 points.

Knowledge of the disease, how it may be acquired, the harm it may produce, where it may exist, etc., 35 points.

Originality displayed in proposed scheme for curing the sufferers in your county and correcting exisiting conditions so that those who are free from the disease may not be exposed to it, 35 points.

The contest will be open January 1, 1911, and close March 1, 1911. All who enter the contest should send in their essays to Mrs. W. N. Hutt, chairman, Raleigh, N. C. The grading of the essays on general sanitation will be similar to the grading of the essays on hookworm disease.

It is hoped that all local clubs or other civic leagues will make similar offers for their own counties. Wherever this is done the children in that county, realizing that there will certainly be one prize for their county and a chance for one or more of the State prizes, will be stimulated to increased effort. The Hookworm Commission of the State Board of Health, Raleigh, N. C., will furnish free illustrated literature on Hookworm Disease on request.

CHAMP CLARK CONTROLS

Efforts to Balk Tariff Revision Plans Not Likely to Succeed if He Knows It.

Wash. Cor. N. Y. Times.

Prophets of evil are getting little satisfaction out of the trend of the harmony program among the House Democrats which is to culminate January 19 in the selection of a Ways and Means Committee to go to work at once on tariff legislation. There are now 147 Democrats pledged to the plan for making the new Ways and Means Committee the Committee on Committees which will arrange all committee appointments for the majority in the next House.

Efforts have made their appearance to start a back fire against Champ Clark and upset the well-prepared program for the caucus. The first objective of this opposition is to control the Ways and Means Committee by having enough conservative Democrats on it to exercise the balance of power and so prevent radical action either in the matter of the committee appointments or evision of the tariff.

The Texas delegation recently decided to support Mr. Randell for appointment to the committee, and 12 votes were pledged to him. This left four who might be found supporting some other candidate. Nevertheless it has become known that Representative Beall who represents the district once represented by Senator Bailey, is to be a candidate against Randell. Senator Bailey had offered aid to Representative Pou, of North Carolina, who is slated to go off the committee because of his votes on lumber duties. The same influences are at work for Representative Brantley, of Georgia, and Representative Brousard, of Louisiana, others who voted with the Republicans on the tariff. There will be 12 Democrats and 7 Republicans on the committee, and, if appointed, these three would hold the balance of power and could dictate terms on the coming tariff revision.

The fact that a considerable majority of the Democratic members of the new House have pledged their support to Champ Clark's ideas makes it certain that the effort will not succeed.

Take Care!

Remember that when your kidneys are affected your life is in danger. M. Mayer, Rochester, N. Y., says: "My trouble started with a sharp shooting pain over my back which grew worse daily I felt sluggish and tired, my kidney action was irregular and infrequent. I started using Foley's Kidney Pills. Each dose seemed to put new life and strength into me, and now I am completely cured and feel better and stronger than for years." Howard Gardner.

Set Him Free.

"And why, pray, do you refuse to button me up the back?"

"Because you told me that you did not want me to do it any more."

"You must be crazy!"

"Well, you told me that you hoped I would never do anything behind your back that I could not do before your face."—Houston Post.

Cop Works Overtime.

Lynn, Mass., Dec. 22.—When Patrolman Daniel N. Steingardt, who guards the so-called diamond district of this city on the evening division, did not report from duty at 1 o'clock this morning, Captain Rowe ordered a squad of officers out to hunt him up. They found him on his beat, and when asked for an explanation he looked at his watch, which proved to be more than an hour slow. He had worked an hour and 15 minutes overtime.

Cruelty to Women.

We wonder what death the man will die or what tortured life he will be caused to lead who discovered the little "trick" by which a woman's age can be ascertained beyond a doubt—that is to say, while her health is normal. The only instrument required is an ordinary watch. The wrist of the lady whose age is in question is the telltale, for when you count her pulse and it registers sixty-nine beats per minute you know that she is between twenty and twenty-five years old. During the next five years seventy-one beats go to the minute, and the "femme de trente ans" and over is entitled to seventy throbs. It is a pity the man of science who established these facts is not more exact when dealing with the women of riper age, for, according to rumor and tradition, it is only after she is thirty that a woman begins to leave off having birthdays.—Westminster Gazette.

The Girl Who Lives Alone

whether she attends college or goes to business, needs the Perfection Oil Heater. It will heat a cold, cheerless boarding house or dormitory room and make it livable. It is always a ready help in the many things women do for themselves in their rooms. With the damper top opened it will heat water for tea or cocoa; it will dry the small articles that a woman prefers to wash herself in her own room. It will quickly heat an iron or curling tongs; quickly dry wet shoes or skirts—an ever ready help for the woman who lives alone, dependent on her own resources. The

PERFECTION SMOKELESS OIL HEATER

Absolutely smokeless and odorless

is invaluable in its capacity of quickly giving heat. It will burn nine hours with one filling. It is safe, smokeless and odorless; has a cool handle and a damper top.

An indicator shows the amount of oil in the font. The filler-cap is put in like a cork in a bottle, and is attached to the font by a chain. It has an **automatic-locking flame spreader,** which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back so the wick can be quickly cleaned.

The burner body or gallery cannot become wedged, and can be unscrewed in an instant for rewicking. Finished in japan or nickel, strong, durable, well-made, built for service, and yet light and ornamental.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

A MERCENARY MARRIAGE.

Romance of Lady March and the Second Duke of Richmond.

One of the mercenary marriages which turned out happily was that of the second Duke of Richmond. He was married to Lady Sarah Cadogan as part of an agreement that her father's gambling debts should be canceled, Lord March (as he then was) being eighteen and the bride thirteen. Immediately after the wedding Lord March's tutor took him off to the continent for the grand tour, and Lady Sarah went back to her nursery. This is the sequel as told by Lady Russell in "The Rose Goddess:"

"Three years elapsed. Lord March returned from his travels, but, having such an uninteresting recollection of his bride, was in no hurry to claim her and went the first evening of his return to London to the opera. There he noticed that all eyes—and lorgnettes—were directed to one box, where, surrounded by several persons, sat a most beautiful young creature. Turning to a man beside him, he asked who she was. 'You must be a stranger in London,' was the answer, 'not to know the reigning toast of the town, the beautiful Lady March!' Lord March lost no time in going to the box and introducing himself to his bride, with whom he ever after lived so affectionately that their devotion to one another became proverbial."

Get the Genuine Always.

A substitute is a dangerous make shift especially in medicine. The genuine Foley's Honey and Tar cures coughs and colds quickly and is in a yellow package. Accept no substitutes. Howard Gardner.

The Psychology of Walking.

Walking is not merely moving two legs rhythmically over certain intervals of ground. It is the primal and the only way to know the world, the deliberate entering into an inheritance whose parts are wind and weather, sky and prospect, men and animals, and all vital enjoyment. The bicycle has some advantages in point of speed and gives a deceptive sense of power; but it is a foe to observation. All carriages, whether propelled by horse or motor, insulate the traveler from the ground, steal his attention from the world thorough which he passes and utterly destroy all feeling of achievement. The very word "mile" is a walker's word—mille passus—a thousand double-paces. So the Roman legions measured their conquering advances; so the legion of pedestrians estimates its conquests of the day. "So many thousand buffets have mine own two feet given the resisting soil 'twixt sun and sun; so many thousand times have the good muscles of calf and thigh lent their elastic force." What has the dusty reader of figures on a dial to match with that?—Atlantic Monthly.

Worse than an alarm of fire at night is the metallic cough of croup, bringing dread to the household. Careful mothers keep Foley's Honey and Tar in the house and give it at the first sign of danger. It contains no opiates. Howard Gardner.

Some people believe almost as thoroughly in hero worship as the heroes do themselves.

SETTLED OUT OF COURT.

Racing For the Honest Lawyer In a Town In Denmark.

In telling of his boyhood home in Denmark, "The Old Town," Jacob A. Riis says that he does not remember that there were at any time more than two lawyers in the place. One was good, the other bad—not a bad lawyer perhaps, but reputed to be tricky, whereas the other was known to be honor itself.

It is therefore perhaps the best character I can give my people when I record the fact, writes Mr. Riis, that when two farmers quarreled, each sure that he was right, they made haste to hitch up to get first to the honest lawyer, and usually that was the end of the quarrel, for the last in the race was willing to make peace.

They used to tell of two well to do neighbors who had fallen out over a line fence and started simultaneously for town. Both had good teams, and they were well matched in the race.

For half an hour they drove silently alongside, each on his own side of the road, grimly urging on their horses, but neither gaining a length. At last as the lights of the town came into sight, for it was evening, a trace broke on one of the rigs, and the horses stopped. The other team whirled away in a cloud of dust.

"Hans," the beaten one called after him, and he halted and looked back, "are you going after Lawyer ——?" naming the square one.

"I am that!" came back.

"Then let's go back. I'm beat." And back home they went and made it up.

A Simple Safeguard for Mothers.

Mrs. D. Gilkeson, 326 Ingles Ave., Youngstown, Ohio, gained wisdom by experience. "My little girl had a severe cold and coughed almost continuously. My sister recommended Foley's Honey and Tar. The first dose I gave her relieved the inflammation in her throat and after using only one bottle her throat and lungs were entirely free from inflammation. Since then I always keep a bottle of Foley's Honey and Tar in the house. Accept no substitutes. Howard Gardner.

The Age of Competitions.

"How high is his temperature, doctor?"

"Well, he's closely crowding the record."

"Fine!"—Cleveland Plain Dealer.

Saved From Awful Death.

How an appalling calamity in his family was prevented is told by A. D. McDonald, of Fayetteville, N. C. R. F. D. No. 8. "My sister had consumption," he writes, "she was very thin and pale, had no appetitie and seemed to grow weaker every day, as all remedies failed, till Dr. King's New Discovery was tried, and so completely cured her, that she has not been troubled with a cough since. Its the best medicine I ever saw or heard of." For coughs, colds, lagrippe, asthma, croup, hemorrhage-all bronchial troubles, it has no equal, 50c, $1.00. Trial bottle free. Guaranteed by Fariss-Klutz Drug Co.

When the weather man promises fair weather his predictions are often fair but false.

Home protection is true wisdom. Vick's Croup and Pneumonia Salve ought to be in every home for its quick relief and prevention of two dangerous diseases and the more common ailments such as Colds, Catarrh, Burns and Chaps.

Woman's Beauty

Some women retain their beauty to an advanced age. But women, who regularly endure pain, age rapidly, for suffering leaves its lasting marks on them.

Nearly all women suffer more or less with some form of female trouble. It should not be neglected. Avoid the pain—treat yourself at home by taking Cardui, as thousands of other women have done. Begin at once and give Cardui a fair trial.

TAKE CARDUI

J 86

It Will Help You

Mrs. Katie Burlison, Goreville, Ill., tried Cardui and writes: "I suffered with female troubles, and was so sick I could not stand on my feet. Finally I began to take Cardui, and soon began to mend. Now I am able to do all my housework and am in much better health than I was before." Try it.

SHOT ON A "LARK."

Late Visitor Takes Refuge in An Unsafe Place—Gets "Fired" For Sure.

Yesterday morning about three o'clock Mr. J. H. Taylor, who conducts a mercantile establishment on Lee street near the Gate City furniture factory, and who, by way of precaution against burglars, sleeps in his store, was awakened by a continual noise on the outside as of some one endeavoring to push open a door. The noise grew louder and the door seemed, at least to a man frightened, to be on the verge of coming open, and to let the intruder know that he was not engaged in any very safe undertaking, Mr. Taylor sought his revolver and fired. The ball penetrated the body of a man who, it seems, having been out on a "lark" and returning home heavily tanked, had sought a place of rest in front of the door of the aforementioned store. It is thought that he was trying to enter, in order to find a place to sleep out of the cold. He was soon taken to his boarding place, and was reported last night as being in a condition favorable to speedy recovery.

Ten Marriage Licenses Yesterday.

In yesterday's Telegram it was stated that Deputy Register Roy Jones was counting on issuing marriage licenses to no less than ten couples during the day. At six o'clock ten couples had been given that all important piece of parchment duly signed and gone their way rejoicing. One young man was turned down temporarily, being required to take a blank to the young lady's parents for their signature, the deputy not being sure as to the young lady's age. He promised to be back waiting for the office to open this morning with the paper properly signed. It is believed that fully fifteen licenses will be issued today, unless the weather is too unfavorable for those living in the distant sections of the county to come here. The office will not be open Monday and today will be the last chance to get a license until Tuesday unless Register Kirkman or Deputy Jones can be run down and brought to the office and induced to work overtime.

IT IS ALL RIGHT

to ask a friend to do you a favor when it is impossible to secure the favor in any other way. But why ask a friend to go on your bond as surety when the Greensboro Loan & Trust Company can give better security than an individual at no extra cost for its faithful discharge of its duty as a trustee or executor or administrator. Why should you sign a bond by which your "heirs, executors, administrators and assigns are held and firmly bound" to pay for the default of others; perhaps after your death, every dollar of your estate? Tell your friend not to burden you with such a grave responsibility. Let the Greensboro Loan & Trust Company become responsible.

Talk this over with us—it will assist you.
